

Changing With The Times 1963-2018

The Friends of the Symphony is a non-profit organization whose purpose shall be to support and promote the growth of the Fort Collins Symphony Orchestra financially, socially and educationally. The policies of the organization shall be in harmony with those of the Fort Collins Symphony Association Board.

It's All About The Music

Please join us in the Friends of the Symphony. We welcome your fellowship, talents and enthusiasm in support of our Fort Collins Symphony Orchestra!

We hope that you will be as eager as we are to be a part of this wonderful organization, one whose doors are open to all who share a commitment to the Symphony and its outreach, offering a valuable opportunity to advance cultural arts in our community for the benefit of persons of all ages and musical interests. We are the single greatest contributor to the Symphony.

Working in a close partnership with the Symphony Orchestra and its Association (FCSA) the Friends raises music appreciation through education and a greater public exposure to the Symphony and its works, while fostering friendships and shared experiences among those who love music.
